

THE MONTCLAIR BIRD CLUB

QUIZ 20

June 14, 2020

Which two of these birds are most closely related to each other: the yellow-breasted chat, boulder chat, indigo bunting, lark bunting, pine grosbeak, and blue grosbeak?

Links to ponder:

[A visit to a long-defunct museum.](#) Bullock is known for more than just orioles.

[Travel with the great natural historians of the past.](#) A bibliography of published accounts.

THE ANSWER IS ON THE NEXT PAGE

The indigo bunting and blue grosbeak are in the same genus.

Blue Grosbeak

Indigo Bunting

Pine Grosbeak

Yellow-breasted Chat
