

# THE MONTCLAIR BIRD CLUB

## QUIZ 31

July 22, 2020

**Black-throated Blue**

**Pine Warbler**

**Yellow Warbler**

**Which of these warblers regularly winters farthest north: the pine warbler, black-throated blue warbler, yellow warbler?**

**Links to ponder:**

[Birders and photographers](#). It already seems quaint, doesn't it?

[A fine bit of detective work](#). Are the Tadcaster Rarities real?

**THE ANSWER IS ON THE NEXT PAGE**

## Pine Warbler

Pine warblers are common winterers north to the Mason-Dixon Line, with small numbers found each year well into New England.
