

THE MONTCLAIR BIRD CLUB

QUIZ 198

July 23, 2023

These birds are not the same. Which one is the redhead? For extra credit identify the other bird.

Link to ponder: First Record of White-Tailed Deer Depredating [Saltmarsh Sparrow Nests](#).

THE ANSWER IS ON THE NEXT PAGE

Redhead and Common Pochard

Redhead

Aythya americana

North America

Common Pochard

Aythya ferina

Europe and Asia

Since they are found on different continents, it may not be important to note that the redhead has yellow eyes and the common pochard has red eyes.
