

THE MONTCLAIR BIRD CLUB

QUIZ 191

June 4, 2023

This picture was taken in Nevada. Can you identify the bird?

Link to ponder: Journal of [Caribbean Ornithology](#).

THE ANSWER IS ON THE NEXT PAGE

Female Redhead

For comparison this is the male redhead.

The redhead is a diving duck in a sister group with the common pochard. The group in turn is related to the canvasback. Unlike the canvasback, the common pochard is not likely to be seen in the United States.

Common Pochard
