

THE MONTCLAIR BIRD CLUB

QUIZ 23

June 24, 2020

What was the last North American life bird Roger Tory Peterson tallied in New Jersey?

Links to ponder:

Bird or bug? Amazing “mimicry” in a tropical bird.

The moral kite. A red kite saves a merchant’s soul.

THE ANSWER IS ON THE NEXT PAGE

The fork-tailed flycatcher

Peterson's fork-tail was found in the course of the first World Series of Birding, May 19, 1984. It was his 700th ABA area species.
